

Apply from October 7 2014 to December 2016 to Receive State-Payor EHR Incentives!

MedChi, The Maryland State Medical Society, successfully lobbied the State to create the State-Regulated Payor EHR Incentive Program. We are the first state with additional incentives for primary care physicians above the Federal Medicare/Medicaid Meaningful Use program. Without our members' dues and contributions, this would not have been possible. We thank you for helping MedChi become the largest and most effective body representing physicians and want to ensure you reap the benefits of your labor.

Let us help you receive your EHR incentives. Don't delay, requests may be submitted as early as **October 7, 2014**.

- **Do you qualify?**
- **What incentive is available?**
- **How do you submit a payment request?**
- **How do you access an application?**

Please contact Shanika Myles at 410-539-0872 x 3324 for assistance or email smyles@medchi.org. Remember, MedChi is here to save you time by offering comprehensive assistance. Members are entitled to a **Complimentary Practice Assessment** from MedChi Network Services and a FREE Consultative Insurance Review from MedChi Insurance Agency Inc. Call MedChi to schedule your appointments. We look forward to serving you and continuing to fight on your behalf.
