MAKING THE ACA WORK IN MARYLAND

ACA TASK FORCE
Maryland established a Health Insurance Coverage Protection Commission to monitor and assess the impact of federal changes to health care programs and provide recommendations for action to protect access to afford healthcare coverage.

Task Force includes a MedChi seat held by Stephen Rockower, MD, MedChi Past President (left).

MARYLAND'S UNIQUE ALL-PAYER CONTRACT
CMS and the State of Maryland are partnering to modernize the state’s unique all-payer rate-setting system for hospital services. These updates will improve health outcomes and reduce costs.

MedChi fought for language that protects Maryland tort reform and physician payment and created the primary care program in a separate waiver.
MARYLAND MEDICAID WAIVER

MedChi and the AMA fought for passage of the Maryland Medicaid Waiver, stressing the importance of focusing on specific health care service access and delivery systems that directly impact overall health outcomes.

Bruce Smoller, MD, Chair of MedChi’s Delegation to the AMA (left), notes that “MedChi and the AMA are particularly committed to the advancement of the National Diabetes Prevention Program to make it easier for people with prediabetes to participate in evidence-based, affordable, and high-quality lifestyle change programs to reduce their risk of Type 2 diabetes and improve their overall health.”

MedChi is Maryland’s foremost advocate and resource for physicians, patients, and the public health.
