

MedChi is committed to helping practices remain independent. As your Medical Society, MedChi launched a Network Services division to provide business support tailored for private practices. Today, remaining independent is more difficult than ever. It is important to review some of the key business services we provide to strengthen your practice. Our goal is to help your practice by providing credible support that meets your needs.

Your success is our success.

Consulting and Practice Management Support

Business assistance so you and your staff can focus on the clinical side of your practice

Revenue Cycle Management

Management of your finances to optimize billing and collections

Integrated Electronic Health Records and Practice Management

Credible guidance and services for health information technology

Meaningful Use Assistance

Help qualifying for Federal and State incentive programs

Full Service Contact Center Staffing

Assistance with appointment confirmations, health maintenance reminders, and other inbound and outbound patient calls

Coding and Compliance Support

Certified Professional Coder support to perform coding reviews, training, and risk mitigation

Transcription Staffing

Traditional and structured transcription directly into your electronic health records
