

## About the Event:

The MDPCP Program Management Office (PMO) in collaboration with Medicalincs LLC is pleased to bring you a virtual, FREE MDPCP Advanced Primary Care Staff Training for both Program Year (PY) 1 and 2 Practices. This comprehensive, hands-on, interactive, 3-hour training program is designed to enhance your practice staff's expertise with the functions of Advanced Primary Care.

We will discuss:

- Key areas of care coordination & population health management.
- Walk through a practical workflow of care delivery; especially during the COVID-19 pandemic
- Insights on applications & tools

## Questions?

Reach us via e-mail:
