Episode Parameter Comparison

Episode Category	Look Back Period (Prometheus)	Episode Length (Prometheus)	Look Back Period (PACES)	Close Period (PACES)	Episode Length (PACES)
TURP	30	90	30	90	120
Prostatectomy	30	90	30	90	120
Catheter Associated UTIs (SRF)	-	30	3	90	93
Urinary Tract Infection (SRF)	-	30	3	90	93

HSCRC Next Steps

- Make available individual PACES episode playbooks for review
- Publish recommended enrollment transition guides
- Review and consolidated discussion input for policy consideration
- Finalize and publish episode inclusion policy

Discussion

- What are your thoughts on the break-out of the PACES episode categories?
- What are your thoughts on the difference in episode parameters?
- What additional information would be helpful in communicating and facilitating this transition?
- What questions do you have?

A wide-angle photograph of the Philadelphia skyline at sunset. The city's skyscrapers, including the Comcast Center and the Comcast Tower, are silhouetted against a sky of orange and blue. The buildings are reflected in the calm water of the Schuylkill River. In the foreground, a multi-lane highway with several cars is visible on the left, and a bridge spans the river on the right. The overall scene is a blend of urban architecture and natural light.
