# HSCRC Next Steps

- Make available individual PACES episode playbooks for review
- Meet with remaining specialty societies for further discussion of specific clinical domains
- Confirm spinal episode definition revisions with PACES
- Publish recommended enrollment transition guides
- Finalize and publish episode inclusion policy

# Discussion

- What are your thoughts on the break-out of the PACES episode categories?
- What are your thoughts on the difference in episode parameters?
- What additional information would be helpful in communicating and facilitating this transition?
- What questions do you have?

A wide-angle photograph of the Philadelphia skyline at sunset. The city's skyscrapers, including the Comcast Center and the Comcast Tower, are silhouetted against a sky of orange and blue. The buildings are reflected in the calm water of the Schuylkill River. In the foreground, a multi-lane highway with several cars is visible on the left, and a bridge spans the river on the right. The overall scene is peaceful and scenic.
