

# MedChi CTO Weekly Update

## May 10<sup>th</sup>, 2022

Good afternoon!

### Quarter 2 Practice Meetings are happening now!

If you have not already done so, please sign up for a meeting using the link [here](#). Space is limited, so do not wait to sign up – every slot will need to be filled.

Thank you and have a great week!

## MedChi CTO Updates

### 1. Quarter 2 Meetings with CTO **\*NEW**

Virtual meetings will be held over the next three weeks (**May 9th – May 26th**) to review MDPCP Care Manager responsibilities and HEART Payment details. **We request that all staff who work on MDPCP attend this meeting** as the information and updates will be extremely important. Do not wait to sign up as space is limited!

Sign-up using the link below:

<https://www.signupgenius.com/go/9040b4aafa62ca5ff2-q2practice1>

*You will be sent a calendar invitation closer to your meeting date.*

### 2. Quarter 2 MDPCP Payments Deposited

Payment and attribution data for Quarter 2 2022 was updated in the [MDPCP Portal](#) on April 29, 2022.

Please verify the payment you received matches what is listed in your MDPCP Portal and download your new attribution list. **Review your updated Q2 beneficiary list and your HEART beneficiaries.**

If you have any questions, please reach out to CMS at [MarylandModel@cms.hhs.gov](mailto:MarylandModel@cms.hhs.gov).

### 3. eCQM Assistance Opportunity – **Sign up TODAY**

*This is a reminder to continue to capture quality measure data for 2022: [2022 Performance Measure Guide](#)*

To help with your transition to reporting MIPS, MedChi, Zane Network, and CRISP are partnering to provide technical assistance.

**Contact MedChi MIPS Resource Center**

at: [mips@medchi.org](mailto:mips@medchi.org) or 410-878-9842 to get started.

### MDPCP MIPS Reporting Technical Assistance

As you are all now aware The Maryland Primary Care Program (MDPCP) is no longer considered an Advanced Alternative Payment Model (AAPM) and therefore most of you will need to participate in MIPS reporting for 2022.

Given that many of you have not reported MIPS to CMS since 2018, MedChi, Zane Network and CRISP are partnering to provide assistance with choosing MIPS measures, EHR vendor reporting capabilities, and the extraction and upload of the necessary data elements to the various reporting portals as required.

MedChi is offering a Resource Center for all MDPCP practices for MIPS Reporting.

**This Resource Center information will include:**

- Fact sheets on the basics of MIPS Reporting
- How to determine if you have report MIPS for 2022
- How to determine which measures would be best for each practice to report

Practices that require additional support will be referred for technical assistance. The assistance will be provided by Zane Networks.

**Technical Assistance that practices will receive includes:**

- Approximately two hours of consulting time per month
- Completion and implementation of a practice specific MIPS work plan to address potential areas of improvement
- Monitoring of MIPS performance measures Recommendations to improve MIPS performance measures Refining of workflows to create successful outcomes
- Preparation for successful MIPS submission
