

Are you eligible for a telehealth grant?

LEARN HOW TO APPLY BY VISITING OUR TELEHEALTH RESOURCES PAGE AT WWW.MEDCHI.ORG

MHCC TELEHEALTH GRANT

\$500 payment and complimentary consulting services from Zane Networks, a leader in healthcare quality improvement, website and application development, and audio, video, and cabling solutions.

The purpose of this grant is to diffuse telehealth in practices statewide with an emphasis on workflow redesign that supports the use of telehealth technology to meet the increased need for virtual patient visits.

To qualify for the grant, a practice cannot have previously billed for telehealth services. Through the guidance of the MSO, a practice will adopt telehealth, complete a satisfaction survey, and receive reimbursement on three telehealth visits. **Expected to end on September 30, 2020.**
