**Maryland Medical Political Action
Committee
(MMPAC)**

DR. STEPHEN ROCKOWER

CHAIR

In just two short years, we will be choosing a Senator, 8 Congresspeople,
a new Governor of Maryland,
and voting for the entire Maryland State Legislature.
The candidates need **our** help to get them elected into office.
It is through AMPAC and MMPAC that we can help.

In the Legislative Session of 2021, MedChi was able to help enact laws to

- Increased Medicaid E&M codes \$92 Million
- Telehealth payments continue
- Expand Prenatal and Postnatal care

In addition, MedChi was instrumental in creating the Commission on Health Equity.

The Maryland State Medical Society

We need each of you to help by raising funds. These contributions go toward mailers, rallies, and outreach for the politicians.

**Without these funds, the politicians can't get their message to the voters.
With these funds, AMPAC and MMPAC can get our message to the politicians!**

There are always strong forces lined up against us in Annapolis and in DC, and we need to do our part to bring our message to the legislators.

Please be generous. Join me to make a monthly contribution of **\$25** or more.

It will go a long way for bringing MedChi's message to Annapolis, and AMA's message to Congress
