About MMPAC

- The Maryland Medical Political Action Committee is the political action section of MedChi, The Maryland State Medical Society. It is a voluntary, non-profit, unincorporated committee of individual physicians and others, cooperating in political education and action.
- **MMPAC supports state legislators who are fighting to protect the interests of Maryland physicians and their patients.**

In 2016, your MMPAC dues helped to...

- Increase the Medicaid E&M codes from 92% of Medicare to 96% of Medicare, pending the Governor's approval.
- Kill trial lawyers' attempts to triple the cap on non-economic damages.
- Block efforts to make harmful changes to Maryland's Assignment of Benefits law.
- Protect the integrity of the Prescription Drug Monitoring Program, and insure it will be used as a public health tool, not a law enforcement weapon.
